Houle Games DRY GRAD Casino Packages

#29 - 1833 Coast Meridian Rd, Port Coquitlam B.C. Canada V3C 6G5
 604-474-0359 www.houlegames.com sales@houlegames.com

Houle Games & Entertainment is pleased to offer you our finest Full-Service “Fun Money” Casino Packages with the absolute best service available! Each Casino Package includes our beautiful casino tables and accessories, as well as our sharply dressed pit boss and professional dealers. Our pricing is based on up to a 4 hour deal time, including cash-out.

How the Fun Money Casino Operates: Each grad is to receive two \$1000 play bills. Please collect these “Fun Money” play-bills from our set-up team at the time of delivery. If you need to pick up these play-bills from our office in advance, please contact our office to arrange this. You will be responsible for distributing these play-bills to your grads at the beginning of your event. We recommend handing out the play-bills as your grads first enter the event or at a registration table. Your grads can then take their play-bills to any of the casino tables and the dealers will convert their \$1000 bills into \$100 play-bills. If a grad does not wish to gamble, they can cash in their \$2000 for 4 raffle tickets.

Dealers: Arrive 10 - 20 minutes in advance of deal time dressed in silver vests with bow ties, white dress shirts and black dress pants. Dealers require a 10 minute break every hour using our provided relief dealers. There should be a green room or designated break area for the dealers. If there is no separate break room/area available, the dealers will take their breaks in the same room as your event. Dealers should only take direction from their acting Pit Boss so the client or event planner need only liaise with one casino staff member.

Cash-out: The dealers will cash out during the last 20-30 minutes of casino run time (3.5 hours of deal time and the rest is cash-out). We provide 50/50-style raffle tickets to cash out with. Grads will bring their “Fun Money” to a dealer for cash-out and the dealers will give them raffle tickets (1 raffle ticket for every \$500 cashed in). The grads will hold onto one ticket half and place the other half into the draw box* corresponding to the prize** they want to win. The client (you) will then draw tickets and announce prizes. We require all “Fun Money” to be returned to us after cash-out.

*Client must provide draw boxes and prizes.

**We do not provide the draw boxes or prizes

**We would need to know your event location & venue to determine the delivery fee, and to determine whether any 'out of town' charges might be applicable for us and our dealers.*

Each Fun Money Casino Package includes: our casino tables, chips and accessories, a pit boss, professional dealers and relief dealers. Pricing *in town* is based on up to a 4 hour deal time, including cash-out.

We recommend choosing a package that allows for approximately half of your grads to play at one time. For example, if you are expecting approximately 100 grads, you may want to consider a package that allows for 50 to play at one time. You can choose to increase or decrease the amount of casino tables based on any other entertainment or activities going on at the same time as the casino.

In the chart below, the “Quantity of Tables” column first lists the number of Standard Tables and then (+) the number of Premium Tables included in each package. Choices of Standard Tables: Blackjack, Texas Hold’em Poker, Money Wheel & Baccarat; while the Premium Table offered is Roulette.

We also offer Slot Machines that can be added onto any casino package:
 3 Slot Machines with tokens and an attendant for \$550 OR 6 Slot Machines with tokens and an attendant for \$775
 The attendant will re-set the slot machines and will help convert tokens that players have won into chips.

If you would like to use your own parent-volunteers as dealers, we can rent just the Standard Casino Tables (Blackjack, Poker, and Money Wheel) with “Fun Money” and accessories for \$465 each (no dealers).

Please note: We do not train nor coordinate your volunteer/parent dealers should you choose to use them instead of our professional dealers. Your volunteer dealers must be expected to already know how to deal at the tables you have ordered. Our Premium Table (Roulette) is not permitted to have volunteer dealers – our professional dealers only.
